ARKANSAS DEMOCRAT-GAZETTE INDEX
AN
ARKANSAS INDEX

1992

BY
SHANNON J. HENDERSON
HOW TO USE THE ARKANSAS DEMOCRAT-GAZETTE INDEX

The Arkansas Democrat-Gazette Index consists of brief summarizing statements of the news of Arkansas as it was published in the final edition of the Arkansas Democrat-Gazette. Only those articles dealing with Arkansas people, places and events are considered for inclusion. Material not considered useful for future reference is omitted. Routine articles reporting on sports, social events and business activities are omitted.

HEADINGS

Subject headings (entries) are the main type of entry and are used when possible. Names of prominent persons and of firms and organizations are used as entries, but most names are cross-referenced to subjects.

All subject headings (entries) are arranged alphabetically, word-by-word.

Example: Old Washington
         Oldham

Use of commas in subject headings result in an unusual filing system since the computer considers them when arranging entries that are identical up to the comma.

Example: Harris, Summer Michelle
         Henderson Farms
         Henderson State University
         Henderson, John David
         Henderson, Shannon Elizabeth

Abbreviations used as subject headings are arranged alphabetically as if they were words.

Example: Payne
         PCBs
         Pea Ridge

Cross references are arranged in alphabetical order and are listed before summaries of articles under that same heading.

LOCATION SYMBOLS

Each summary is followed by the month, day, year, page and column number where the article appeared in the Final (City) edition of the Arkansas Democrat-Gazette.

Reference from a person’s name to a subject does not indicate if the named person is directly involved or is merely commenting on the topic. In all cases, the article should be read for clarification of this point.
ABF FREIGHT SYSTEMS INC
ABF, Dutch firm sign shipping transfer pact 05/5/92 D1 4
