Arkansas Tech University
Russellville, Arkansas
DEDICATION

This volume is dedicated to
the Russellville Lion's Club

in grateful appreciation for their encouragement
and financial support of the continuation of this
indexing project, with the purchase of new, upgraded
computer equipment.
The Arkansas Democrat-Gazette and its predecessor, the Arkansas Gazette have long been considered the prime source for information on social, cultural and political affairs of Arkansas. Mr. Shannon James Henderson began this index in September 1964. He hoped that it would be of value to students, historians and other researchers who wished to follow the progress of the state and her people as chronicled in the newspaper.

The indexing project was initially begun by writing all daily entries on 3X5 cards, which were filed until the end of a year. These entries were then typed, proofread, corrected and photocopied for each annual volume. In 1984 the project changed dramatically with the purchase of a computer system and a custom designed indexing program. Mr. Henderson single-handedly produced each subsequent annual volume, and each retrospective volume until his retirement in June 1993.

Since it was several months following his retirement before I took over the indexing project, it has been with a great deal of trepidation and uncertainty that I have taken my first faltering steps in trying to fill his large shoes. I have tried, to the best of my ability, to uphold his high standard of excellence, while struggling to learn from notes and examples left for me by Mr. Henderson. I would like to express my appreciation to Mr. Bill Parton, Library Director, and to members of the library staff for their patience and encouragement in this endeavor.

On a purely personal note, I keenly miss Mr. Henderson as a colleague and mentor. I miss his professionalism, and his wonderful sense of humor, usually displayed as limericks and poems. Most of all, I miss him as a loyal and valued friend.

Wilma Labahn
Indexing Librarian
Arkansas Tech University
HOW TO USE THE ARKANSAS DEMOCRAT-GAZETTE INDEX

This Index consists of brief summarizing statements of the news of Arkansas as published in the final, Little Rock edition of the Arkansas Democrat-Gazette. Only those articles dealing with Arkansas people, places and events are considered for inclusion. Pertinent articles that apply to events or people located out of state, but that have Arkansas connections, have the location in parenthesis following the subject heading:

- Aviation - Accidents - (Florida)
- Kidnappings - (Louisiana)
- Murders - (Missouri)

Material not considered useful for future reference is omitted. Routine articles reporting on sports, social events and business activities are omitted.

HEADINGS

Subject headings (entries) are the main type of entry and are used when possible. Names of prominent people, firms and organizations are used as entries, but most names are cross-referenced to subjects. Due to the amount of material or the nature of some headings, geographical and political subdivisions are added, for clarification. Specific subjects are included as much as possible, with cross references to more general headings.

All subject headings are arranged alphabetically, word-by-word.

OLA
OLD AGE
OLD MILL
OLD WEST
OLDHAM, CHARLES

POSTAGE STAMPS
POSTAL SERVICE
POSTCARDS

When it is impractical to list all names of people or organizations in the summaries, cross references are made from the name to the subject entry. In such references, the date of the article may be included as part of the cross reference.
BOOK REVIEWS

Books reviews are entered under BOOKS AND WRITING. Entries are confined to publications by Arkansas authors, or those with Arkansas settings or subject matter.

NAMES

Names are entered in the index as they appear in the newspaper. Because verification of a name is often impossible, identical names for different people may have been entered under the same heading. Names beginning with MAC and MC are arranged as spelled. Citations are arranged chronologically for most entries under the subject headings.

Obituaries for prominent citizens are included, with entries, also, under the name of the deceased.

Deaths other than obituaries are included under such headings as:

DEATHS - Accidents
- Animal attacks
- Drownings
- Fires
- Natural causes
- Traffic fatalities

Reference from a person's name to a subject does not indicate if the named person is directly involved or is merely commenting on the topic. In all cases, the article should be read for clarification of this point.

ARTICLE LOCATION SYMBOLS

Each summary is followed by the month, date, year, page and column number where the article appeared in the final (Little Rock) edition of the newspaper. Where space permits, information about illustrations (charts, lists, etc.) and photographs are noted at the end of the abstract.

Under the heading: FESTIVALS

Highland fling in Batesville at Scottish Festival (photo) 04/29/96 B1 2

indicates that the article was published in the newspaper on April 29, 1996, on page B1, in Column 2. Photographs accompany the article. There is a cross reference from SCOTTISH FESTIVAL to the more general heading FESTIVALS.
Use of commas in subject headings result in an unusual filing system since the computer program considers them when arranging entries that are identical up to the comma.

WESSON, JANADAH MICHELLE  
WEST HELENA, Ark  
WEST MEMPHIS, Ark  
WEST, MANLEY  
WEST, OLD  
WESTERMAN, JIM

Abbreviations used as subject headings are arranged alphabetically as if they were words:

AGED  
AGL CORP  
AGRICULTURE

Cross references are arranged in alphabetical order and are listed before summaries of articles under that same heading.
