Russellville, Arkansas
HOW TO USE THE ARKANSAS DEMOCRAT-GAZETTE INDEX

This Index consists of brief summarizing statements of the news of Arkansas as published in the final, Little Rock edition of the Arkansas Democrat-Gazette. Only those articles dealing with Arkansas people, places and events are considered for inclusion. Pertinent articles that apply to events or people located out of state, but that have Arkansas connections, have the location in parenthesis following the subject heading:

Aviation - Accidents - (Florida)
Kidnappings - (Louisiana)
Murders - (Missouri)

Material not considered useful for future reference is omitted. Routine articles reporting on sports, social events and business activities are omitted.

HEADINGS

Subject headings (entries) are the main type of entry and are used when possible. Names of prominent people, firms and organizations are used as entries, but most names are cross-referenced to subjects. Due to the amount of material or the nature of some headings, geographical and political subdivisions are added, for clarification. Specific subjects are included as much as possible, with cross references to more general headings.

All subject headings are arranged alphabetically, word-by-word.

OLA
OLD AGE
OLD MILL
OLD WEST
OLDHAM, CHARLES

POSTAGE STAMPS
POSTAL SERVICE
POSTCARDS

When it is impractical to list all names of people or organizations in the summaries, cross references are made from the name to the subject entry. In such references, the date of the article may be included as part of the cross reference.
Use of commas in subject headings result in an unusual filing system since the computer program considers them when arranging entries that are identical up to the comma.

    WESSON, JANADAH MICHELLE
    WEST HELENA, Ark
    WEST MEMPHIS, Ark
    WEST, MANLEY
    WEST, OLD
    WESTERMAN, JIM

Abbreviations used as subject headings are arranged alphabetically as if they were words:

    AGED
    AGL CORP
    AGRICULTURE

Cross references are arranged in alphabetical order and are listed before summaries of articles under that same heading.

    ACCIDENTS AND SAFETY
        see Boats and boating - Accidents
        see Burns and scalds
        see Deaths - Accidents
        see Falls (Accidents)

    HUCKABEE, MIKE
        see also Governor (Ark)
        see also Lieutenant Governor (Ark)
        Young Huckabee: ordained for political life

Not all locations are followed by Arkansas; however, for clarification, it is added to the name of some towns.

    DAMASCUS, Ark
    FERN, Ark
    FORT SMITH
    ENGLAND, Ark
    LITTLE ROCK
BOOK REVIEWS

Books reviews are entered under BOOKS AND WRITING. Entries are confined to publications by Arkansas authors, or those with Arkansas settings or subject matter.

NAMES

Names are entered in the index as they appear in the newspaper. Because verification of a name is often impossible, identical names for different people may have been entered under the same heading. Names beginning with MAC and MC are arranged as spelled. Citations are arranged chronologically for most entries under the subject headings.

Obituaries for prominent citizens are included, with entries, also, under the name of the deceased.

Deaths other than obituaries are included under such headings as:

DEATHS - Accidents
  - Animal attacks
  - Drownings
  - Fires
  - Natural causes
  - Traffic fatalities

Reference from a person's name to a subject does not indicate if the named person is directly involved or is merely commenting on the topic. In all cases, the article should be read for clarification of this point.

ARTICLE LOCATION SYMBOLS

Each summary is followed by the month, date, year, page and column number where the article appeared in the final (Little Rock) edition of the newspaper. Where space permits, information about illustrations (charts, lists, etc.) and photographs are noted at the end of the abstract.

Under the heading: FESTIVALS

Highland fling in Batesville at Scottish Festival (photo) 04/29/96 B1 2

indicates that the article was published in the newspaper on April 29, 1996, on page B1, in Column 2. Photographs accompany the article. There is a cross reference from SCOTTISH FESTIVAL to the more general heading FESTIVALS.

ARKANSAS DEMOCRAT-GAZETTE INDEX
AN
ARKANSAS INDEX

July - Dec
1998

BY
Wilma Labahn

Copyright 1999
Arkansas Tech University
Russellville, Arkansas
HOW TO USE THE ARKANSAS DEMOCRAT-GAZETTE INDEX

This Index consists of brief summarizing statements of the news of Arkansas as published in the final, Little Rock edition of the Arkansas Democrat-Gazette. Only those articles dealing with Arkansas people, places and events are considered for inclusion. Pertinent articles that apply to events or people located out of state, but that have Arkansas connections, have the location in parenthesis following the subject heading:

Aviation - Accidents - (Florida)
Kidnappings - (Louisiana)
Murders - (Missouri)

Material not considered useful for future reference is omitted. Routine articles reporting on sports, social events and business activities are omitted.

HEADINGS

Subject headings (entries) are the main type of entry and are used when possible. Names of prominent people, firms and organizations are used as entries, but most names are cross-referenced to subjects. Due to the amount of material or the nature of some headings, geographical and political subdivisions are added, for clarification. Specific subjects are included as much as possible, with cross references to more general headings.

All subject headings are arranged alphabetically, word-by-word.

OLA
OLD AGE
OLD MILL
OLD WEST
OLDHAM, CHARLES

POSTAGE STAMPS
POSTAL SERVICE
POSTCARDS

When it is impractical to list all names of people or organizations in the summaries, cross references are made from the name to the subject entry. In such references, the date of the article may be included as part of the cross reference.
Use of commas in subject headings result in an unusual filing system since the computer program considers them when arranging entries that are identical up to the comma.

WEsson, JanadaH michelle
west heLeNA, ark
west memPhis, ark
west, manley
west, old
westerman, jim

Abbreviations used as subject headings are arranged alphabetically as if they were words:

aged
agl corp
agriculture

Cross references are arranged in alphabetical order and are listed before summaries of articles under that same heading.

accidents and safety
see boats and boating - accidents
see burns and scalds
see deaths - accidents
see falls (accidents)

huckabee, mike
see also governor (ark)
see also lieutenant governor (ark)
Young huckabee: ordained for political life

Not all locations are followed by Arkansas; however, for clarification, it is added to the name of some towns.

damascus, ark
fern, ark
Fort smith
england, ark
little rock
BOOK REVIEWS

Books reviews are entered under BOOKS AND WRITING. Entries are confined to publications by Arkansas authors, or those with Arkansas settings or subject matter.

NAMES

Names are entered in the index as they appear in the newspaper. Because verification of a name is often impossible, identical names for different people may have been entered under the same heading. Names beginning with MAC and MC are arranged as spelled. Citations are arranged chronologically for most entries under the subject headings.

Obituaries for prominent citizens are included, with entries, also, under the name of the deceased.

Deaths other than obituaries are included under such headings as:

DEATHS - Accidents
- Animal attacks
- Drownings
- Fires
- Natural causes
- Traffic fatalities

Reference from a person's name to a subject does not indicate if the named person is directly involved or is merely commenting on the topic. In all cases, the article should be read for clarification of this point.

ARTICLE LOCATION SYMBOLS

Each summary is followed by the month, date, year, page and column number where the article appeared in the final (Little Rock) edition of the newspaper. Where space permits, information about illustrations (charts, lists, etc.) and photographs are noted at the end of the abstract.

Under the heading: FESTIVALS

Highland fling in Batesville at Scottish Festival (photo) 04/29/96 B1 2

indicates that the article was published in the newspaper on April 29, 1996, on page B1, in Column 2. Photographs accompany the article. There is a cross reference from SCOTTISH FESTIVAL to the more general heading FESTIVALS.
