Students, Patronise These, Our Advertisers!

In this modern day, a commodity may be had in several different qualities. Many of these goods reach the market in some slipshod fashion with only a dealer's reputation to back them up. Goods of this nature sometimes found to be of inferior quality.

The quality of some goods, however, is undisputable. These goods are usually advertised openly so that everyone may examine and criticize their quality and make-up. After the commodity has passed this first public censor, then it is ready for public consumption, for these criticisms and suggestions are usually incorporated into making a product of superior quality.

The advertisers in this annual are among the latter group. They offer you products that have been tried and tested, and found to be of superior quality. Besides that, they have been faithful in sharing the cost of this AGRICOLA, a favor for which we are deeply indebted.

THE EDITOR.

TECHIONERY

Techionery is Tech's own supply and book store in connection with one of the state's best college confectioneries. When on the campus, visit this place. See the many conveniences offered to campus life, and where, it is said, has become an inheritance from former students, as a place to meet and enjoy "that good old fellowship" of which Arkansas Tech so proudly boasts.

Always striving to deserve the liberal patronage received by cooperating with individuals, groups and activities, allowing every courtesy and accommodation within the means and sphere of the business.

You will always find a welcome here, and prices very considerate.

Friendship . . . .

There's Nothing of an Earthly Nature More Valuable Than Friendship

Ice refrigeration is the friend of the entire family. It is an unfailing, unvarying guardian of food, flavor, weight, and appearance, as well as bacteriological condition. Like all true friends, Ice is willing and ready to give its life for you.
