LADY OF THE APPLE BLOSSOM
Twenty-one Tech students were selected for the 1957-58 edition of "Who's Who Among Students in American Colleges and Universities." Students recognized in the publication are nominated from 675 colleges and universities in the nation.

Committees composed of faculty members and students select the students to receive the honor on the basis of scholarship, participation and leadership in student activities, citizenship and service to the school and promise for future usefulness.
Selected for the honor for the second time were Bob Comer, Bob Hardin, Ronnie Kennett and Austin Lovell.

All told, eleven seniors and ten juniors were picked for this year's publication.
