Four Students

Book Four

Students
This year's Student Council President is a young man of varied interests. Ronald C. Price, perhaps best known for his 4 years as end for the Wonder Boys football squad, is known to most of the student body as "Ron." The Business Administration major has also set records in the discus throw during his 4 years on the track squad. Besides sports, Ron's interests include hunting, fishing and reading, which is centered around history. The council, under his leadership, has placed several benches around the campus, increased the number of all-student activities and has tried to extend hours of operation of the library so it will be more accessible to students during test weeks.

From rural route
and city street
From green mountains
and fertile plains
From wealth and
perhaps poverty
they came.
These who thought
And those who cared
These who worked
and those who played
These who studied
and some who didn't
These who are the future.
—Bazel
Bryan Hall

Casually accepting the sun's radiant beams, Lela Jane Bryan Hall successfully houses 101 Tech coeds. The dormitory's unique living arrangement offers variety and a topic of conversation to the dwellers. A suite is home for four girls; two inhabiting each end of the bath-divided suite.

Bryan Hall's large, lovely lounge contains a television, a stereo, and comfortable furnishings; while during the study periods, excellent kitchen facilities provide the girls with those necessary night-time snacks.

Caraway Hall

Caraway Hall, the oldest and most stately of the women's dormitories, traditionally gives Christmas music to the campus from atop its pillared entrance. The dorm's spacious lounge with its high ceiling and greenery help to create the Victorian atmosphere encountered by the guest at Caraway's annual Christmas dance. The flat roof of the Hall's wings allows the girls to sun bathe privately and hang out wash during the warmer months of the year.

Massie Hall

Massie Hall, the newest Tech women's dormitory is home for 100 Tech girls. Its air-conditioning, informal lounges, and kitchen facilities help to make the ladies' stay more comfortable. The formal lounge affords suitable enclosure for the weekly dorm dance while the patio and its encompassing peek-a-boo fence offer suitable surroundings for the girls and their nightly guests.

Brown Hall

On Dad's Day of this year, E. O. Brown Dormitory was dedicated at an open house ceremony. Being the newest dormitory, it houses on the first two floors our impressionable freshmen male students while the third floor is reserved for our still impressionable upperclassmen.

The new dorm has television facilities, laundry rooms, a large canteen area, and air-conditioning. It had a lovely grass lawn until the dorm's occupants became active in intramural football. Needless to say, the muddy marks of the dorm's victory are also on its floors.

Critz Hall

An individualist in its yellow color and its "T for Tech" design, Critz Hall suffers great popularity. The indirect lighting and variable ventilation encourages the boys to go to bed early and to get up early. The dormitory has a large television lounge, a lovely walk to the campus and its own course in pulling successful pranks.
