Administration
Since Mr. Hull's appointment to the presidency of Arkansas Polytechnic college, great changes have been brought about. Using all his efforts to that goal, he has brought Tech up from the rank and file to become the leading college of its kind in the state.

New buildings replace old, outmoded structures; the college in all its branches is better equipped; a greater variety of courses, improved in quality, is offered.

He truly deserves his position as one of the leading educators in Arkansas.

Orlie Parker . . Arts and Science (2nd Sem.)
James Ray . . . . . Agriculture
Bill Short . . . . . Engineering
Marvin South . . Engineering (2nd Sem.)
Archie Knight . . . . . President
Student Council

The student council is composed of representatives from the five departments of the college, headed by the president, all elected by the student body. The scope of the council's activities has been widened this year and now includes supervision of student dances, formal dinners, and other socials, and the student elections. For the first time they have had complete charge of the assembly programs. Male members have directed the new house club in the boy's dormitory.

Special activities of the year include the special train to Conway, Thanksgiving; purchase of newspaper for the dormitories, lights for the armory; and representation at the student government meeting in Conway.

Through their efforts, a new radio was secured for the boy's lounge.
Freshman Class Officers

Firman Bynum . . . . . . President
Joe D. Gault . . . . . . Vice-President
Guila Grace Satterfield . . . . Secretary-Treasurer

The above officers of the freshman class were elected in an election sponsored by the student council. They sponsored a barn dance which followed the precedent of the 1936 freshman class.

The class was victorious in the inter-scholastic track meet held this spring.
